### TEST FORMAT & DELIVERY

Online iTEP exams are delivered via the internet and must be administered at a secure location or a certified iTEP test center. The examinee completes the test in the following manner:

- During the grammar, listening, and reading sections, the examinee clicks on one of four answer choices for each question.
- Writing samples are typed directly into a text-entry field.
- Speaking samples are recorded with a headset and microphone at the examinee's computer.

iTEP SLATE is **available in its Core and Plus forms** which differ in the number of sections required and the delivery format. SLATE-Core is available in paper-based format.

#### iTEP SLATE-Core

assesses grammar, listening, and reading, and is 50 minutes in length, with an additional 10 minutes for pre-test preparation.

#### iTEP SLATE-Plus

assesses all three SLATE-Core skills plus writing and speaking, and is 80 minutes in length, with an additional 10 minutes for pre-test preparation.

**Part 2.** The examinee hears a brief upper-level statement presenting two sides of an issue, then is asked to express his or her thoughts on the topic, with 45 seconds to prepare and 60 seconds to speak.

# Scoring/Grading

The test will determine an overall proficiency level from 0 (Beginner) to 6 (Advanced), as well as individual proficiency levels from 0 to 6 for each of the skills and sub-skills tested. The overall scores combine the results of the skill sections, and for greater accuracy, they are expressed to one decimal point (from 0.0 to 6.0). The test is graded as follows:

- The grammar, listening, and reading sections are scored automatically by iTEP software.
- Each test section is weighed equally, and there is no penalty in the multiple-choice sections for guessing or incorrect answers.
- The writing and speaking sections are evaluated by native English-speaking, ESL-trained professionals, according to a standardized scoring rubric.
- The official score report presents an individual's scoring information, displaying an examinee's strengths and weaknesses in each of the skills and sub-skills evaluated by the test.

## SCORE REPORT

The iTEP Score Reports are designed to easily compare students and track improvements. Scores are aligned with the Common European Framework of Reference (CEFR) and evaluate expected "real world" language skills, based on the examinee's level.

## Case Study & Praise for iTEP SLATE

### SUCCESS IN SAUDI LIQAAT INITIATIVE

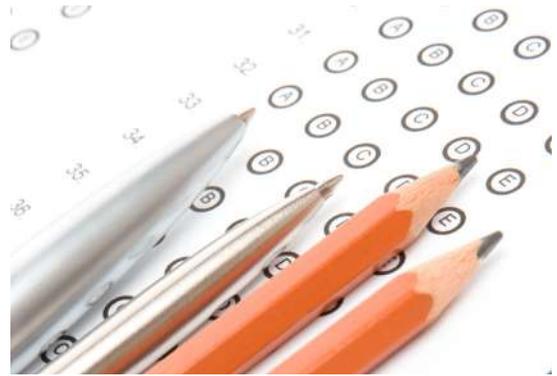

In 2011, the Saudi Ministry of Labor launched an employment initiative called “Liqaat,” in conjunction with the Human Resources & Development Fund and thinkers from the private sector. The goal was to gather information about the cognitive abilities, aptitude, occupational interest, and English language proficiency of young job seekers by using the iTEP SLATE and other tools.

In Saudi Arabia, a major area of interest for employers is the English level of their prospective employees. iTEP SLATE was chosen over several competitors in part because its scoring system not only represents an overall English level, but also identifies strengths and weaknesses within an individual’s language skill, better enabling employers to match candidates with specific positions.

With the help of SOUKS HR Solutions, iTEP’s partner in Saudi Arabia, the collaboration with iTEP and Liqaat has seen over 10,000 Saudis registered in the first month, and each has now sat for the iTEP SLATE.

This volume of test results was processed smoothly thanks in large part to the convenience of scheduling and the timeliness in receiving results that iTEP offers.

### Praise for iTEP SLATE

"iTEP SLATE is far superior to other tests of which I am aware that specifically target middle and high school students. iTEP SLATE is currently being utilized for formal English proficiency certification in a number of countries, most notably China, where proper certification is a key component in preparing children for the future."

– Fadi Germanos,  
Xavier College Preparatory High School,

"During my more than 30 years of experience working in the secondary school environment, I have not seen an exam as reliable and appropriate for the high school age group as iTEP SLATE."

– Roger Riske,  
Educational Resource Development Trust,

"iTEP SLATE is remarkably accessible. Waiting for test dates used to be a problem for some of our applicants, but iTEP SLATE’s on-demand scheduling keeps our admissions process moving along."

– Alex Salvo  
Saint Joseph Catholic School, Ogden, UT
